The British ship Viceroy, arrived at New Orleans on the 4th inst., with 286 immigrants. Fourteen had died on the passage, and many others were very sick, and sent to the Charity Hospital. The Orizaba, which arrived from Liverpool on the 31st ult., had shipped 170, twenty four of whom died, and most of the rest were sent to the Hospital. A correspondent of the Delta attributes this sickness and mortality to the horrible bad state of the biscuit on board, some of which had to be burnt to ashes before eaten, so perished had it become; and water and other necessaries were far from being adequate.

TYPOGRAPHICAL ERROR.—A paragraph has been going the rounds of papers stating the fact, in itself next to incredible, that a woman in Macon county, Ky., recently gave birth to four girls and two boys. An exchange, desiring perhaps to economize space, used the digit's, and wrote 4 girls and 2 boys. Unfortunately, when his paper appeared, it read "7 girls and 9 boys." The public could not stand that. Sixteen children at a birth—it was too much for the greatest lover of marvels to swallow. The unfortunate editor had to explain. He insinuates that the devil altered the types after the proof was read.

CONFIDENCE.—Confidence for worldly ends is of the same efficacy as faith in religion; indeed, they mean precisely the same thing; they are identical terms, only that our reverence has reserved the one for religion, and left the other for profane services. In composition, in oratory, in conversation, no one ever succeeded without confidence,—it is impossible in the nature of things. And so in every action of our life we can do nothing, we cannot stir a step to any good purpose, unless we have it.—We question much whether even virtue can exist apart from it.

STREET COLOURY.

—Good morning Mr. Smith—on the sick list to-day?
"Yes, sir, got the ague."
"Do you ever shake?"
"Yes, shake like thunder."
"When do you shake again?"
"Can't say when—shake every day."
Why do you ask?
"Oh, nothing particular—I thought if you shook so bad, I'd like to stand by and see if you wouldn't shake the fifteen dollars out of your pocket which you have owed me so long."
Mr. Smith stopped.

Advertisers will please bear in mind that the circulation of the DAILY NEWS is more than DOUBLE that of the Daily Herald, and greater than the combined circulation of the Daily and Weekly Herald. As one proof of this fact, the list of Letters remaining in the Post-Office is advertised in the NEWS, as BY LAW REQUIRED.

One by one our business men are dropping off, and leaving a void in society which we fear may not be soon filled, in consequence of the general stupor which hangs around us like the leprosy. During the present week, two of our citizens who have for years been extensively engaged in commercial pursuits, have been taken from us. Thomas Bush, Esq., was one of the oldest of them, and was concerned in various kinds of business for a long series of years; he was an honest man, a good citizen and his loss will be deplored by the community at large. During the last two years, he has been mostly confined to his house, but previous to that time, his energies were devoted to business, and his practical knowledge and sound sense, made him a valuable and highly respected man.

On Thursday, Capt. Benjamin Marshall died very suddenly in New York, whither he had gone to sail for Cuba. His health had been somewhat impaired during the last year, but still, no one apprehended that his days were so nearly numbered. Capt. Marshall commenced life as a poor boy, and by his energy and perseverance, he has not only accumulated property, but has assisted others, and contributed largely towards the commercial business of our town. He was a worthy, respected citizen, and his loss will be severely felt.

Thus death is thinning our ranks, as if all other impediments combined were not doing the work with sufficient rapidity. During the last four years, very many of the principal merchants and business men of Newport, who long held a prominent position in society, have departed, and their places have not been filled by new ones.

The second annual address before the Rhode Island Historical Society, was delivered in Providence, on Tuesday evening last, by Rowland G. Hazard, Esq., of South Kingstown. His subject was the character and public services of the late Chief Justice Dorr, of this State. This was a particularly interesting occasion, as the last address was delivered by Judge Dorr. Having presented his subject, he proceeded to consider the character and public labors of Judge Dorr, as a judicial magistrate, as a literary man, and as a philosophic thinker. In discussing the latter of these topics, the orator gave a brief account of "Pauca," the work in which Judge Dorr embodied his philosophical opinions, and eloquently vindicated his speculations from the objections which had been raised against them. The discourse was well received, and as an exposition of the character of the late Chief Justice, and especially of his philosophic opinions, it reflected great credit upon the orator, and will undoubtedly add to his already high reputation as a acute and vigorous thinker, and an earnest and eloquent writer.

The meeting of the Colonization Society, in Washington, on Tuesday evening, was one of the largest ever held in that City. By five o'clock the Avenue was crowded with pedestrians, male and female, all thronging to the Capitol. At six o'clock, the grounds around the Capitol were literally filled, and when the doors were opened, the rush was tremendous. Such a crowd has not been witnessed at the Capitol for many years, and not one half that were present, could force themselves into the Hall. Several ladies were so overcome by the pressure of the crowd that they fainted, and some of them were seriously injured.

Mr. Clay presided, and made an eloquent speech.

The old officers of the Society were all re-elected.

Joseph B. Weaver, Esq., who has recently leased the Atlantic House, has secured the services of Mr. Peckham, formerly of the Bellevue House, as an assistant; and from Mr. P.'s long experience in this kind of business, and his peculiar adaptation to such a post, the Atlantic House must be one of the most popular in town.

[Correspondence of the News.]

New York, Jan. 20th, 1848.

FRIEND JACKSON:

The "pony express," with the news of that "terrible disaster," must have got under such a heavy pressure of steam that it found it impossible to stop here, and consequently pushed right through the city, without giving us any intelligence of it. It is to be hoped that it will be stopped, before it gets to the jumping off place.

The lightning line brings us nothing from the South, except the confirmation of the rumor of the recall and suspension of Gen. Scott. It is said that the command will devolve upon Gen. Butler, or Gen. Pillow; (the last is, I believe, of the Hessian school.) Butler is a brave and good officer, and Pillow would like to make the public thing him one.

The weather is most delightful, and the only thing wanting, to make the bells and horses miserable, is a pretty heavy fall of snow. Our streets, instead of being covered with mud to the depth of four or five inches, as is usually the case, are rendered perfectly invisible, by the clouds of dust, and the little urchins who gained an honest penny by keeping the crossings clean, are thrown out of employment, and are obliged to trust to the charity of their more fortunate fellow beings. (I hope it is not a crime to call a poor poverty-stricken wretch a fellow being, for they look so much like the "upper ten," naturally, that one cannot help being struck with the resemblance.)

The arrival of so many packet-ships from the Old World, together with the steamers Washington, Missouri, and Cambria, has created considerable excitement here. The Cambria was seen coming up the bay at about eight o'clock Tuesday evening, and her approach was heralded by the cannon's roar, while the heavens were illuminated by a brilliant display of fire-works. It was a gratifying sight to all who feel an interest in having old Europe brought in close proximity with our free and happy Columbia; and it was cheering to those having friends on board, to see the majestic Cambria moving through our waters, after having triumphantly braved the perils of the mighty deep. Everything conspired to render her approach a grand and imposing spectacle. She was received at Jersey City by a discharge of artillery, and the cheer of welcome from the citizens, and those assembled to hail her arrival. Even the very heavens lent the aid of the "silver moon," (which still continues to "roll on," to bid the stranger a welcome to the "land of the free, and the home of the brave.")

Amusement hunters find no difficulty in pursuit of their favorite object. The Astor Place Opera House is crowded every night with the beauty and fashion of the city. "The would be "upper ten," and the *simon pures* mingle together here, and luxuriate upon the magnificent lounges and arm chairs with which the boxes are furnished. The lady brought up in the fashionable walks of life from childhood, whose title to nobility came from a long line of ancestors, and the lady who but yesterday, as it were, sold thread and needles, and from the sale of which she got possession of the mighty dollar which gives her a title and consideration, all mingle together. So we go.

The Old Drury is given over to the horse-opera. Sands and Lents Circus now trot or canter on the boards once so proudly trod by a Kemble, a Kean, and a Cooper. The Broadway, after reducing its price, appears to be doing a good business, and the public "shell out" the cash pretty freely to pay the shot.

The "pony express" is not in.

Yours &c. COSMOPOLITE.

*Our correspondent must be getting rather aristocratic. He does not seem to like the idea of those who have earned their money by their own hands, and those who have inherited it from a hard working father, associating together. Money is money, either inherited, earned, or got by dishonest means; and so long as the present organization of society exists, the possessor of it will be a welcome guest, where a poor but worthy and honest man would be spurned at.—Ed. News.

WASHINGTON, JAN. 17.—The rumor which has been circulated here, for some days, that foreign capitalists have offered to take, at par, the loans now asked for by the secretary of the treasury, has no foundation. It was even said here, yesterday, that the Emperor of Russia had offered, through Mr. Bodisco, to take the loan, but all this is fancy.—N. Y. Com. Adv.

Propositions are before Congress to increase the number of Commanders and Lieutenants in the Navy, and to establish the British grade of Admiral.

A BULL.—On the window of a coffee house in London was lately stuck up the following notice: "This coffee room removed up stairs till repaired."

UNITED STATES HOTEL.
On Pearl, Fulton and Water sts., New York,
BY H. JOHNSON.

CAUTION.—The public are particularly cautioned against being imposed upon by persons that are selling preparations of Sarsaparilla which they pretend have the same qualities as Brown's Sarsaparilla and Tomato Bitters. Since these Bitters have been offered to the public, there have been no less than four different imitations got up by as many different individuals, and sold for the genuine. The good qualities of Brown's Extract of Sarsaparilla and Tomatoes, or Sarsaparilla and Tomato Bitters, is already known and appreciated by physicians and the public—particularly by those who have used them.

for impurities of the blood, bad humors, Scrofulous diseases, Billious affections, Costiveness, loss of appetite, &c. There has been no medicine sold that has given such general satisfaction. There cannot be the least doubt but this compound is the best alterative now in use. We have abundance of proof of that fact. There have been thousands of cases of impurities of the blood cured by this medicine. Some of them have been truly wonderful, where the patients have been given over as incurable. The above compound is not merely a common extract of Sarsaparilla, but a very strong extract of the best Spanish Sarsaparilla, extracted by an entirely new apparatus, made expressly for the proprietor, and used by no other person in this country. This apparatus ensures the whole medical qualities of this most valuable root.

To enable Mankind to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Billious Diseases are rife throughout the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with so potent a purifier of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column.

Opinion of a Regular Physician.

Exeter, Me. Sept. 30, 1845. This certifies that I have recommended the use of Wistar's Balsam of Wild Cherry for diseases of the Lungs, for two years past and many bottles, to my knowledge have been used by my patients, all with beneficial results. In two cases where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. Boyden, Physician at Exeter Corner.

None genuine, unless signed E. BUTTS on the wrapper.

Cold Feet are an evidence that the blood is encumbered with morbid humors, which not only render the circulation sluggish and unequal, but prevent a proper supply of the vital fluid to the extremities. Hence coldness of the hands and feet, accompanied with headache, giddiness, and many other unpleasant complaints.

Wright's Indian Vegetable Pills are one of the best preventives in the world against Cold Feet, because they not only cleanse the blood from those impurities which are the cause, but they impart an energy to the circulation which carries it with vigor to every part of the system.

Beware of SUGAR COATED COUNTERFEITS.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

Miracle.
ON the 4th of August, in the year 1813, a singular scene occurred in the Royal Scientific Institution of France. The aged, white headed President, his head bare, his arms outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! (When will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scurvy, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark sunburn or yellow skin to a pure, clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement." Read these certificates:
[From the N. O. Sentinel, Oct., 1811.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his head; fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.
James Eltham, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by June 10— R. J. TAYLOR.

The Good Things of the Season,
FOR
Parties, Holiday Presents, &c.
WINTER evenings and YOUNG'S Variety Store form pleasant associations for the inhabitants of Newport. There is nothing so really that can contribute to the comfort of all, that cannot be obtained at this store, and all as low and a great many much less than can be bought elsewhere in Newport. For example, we will attend the following prices, and every article is warranted.
Western Apples from 21 75 to 22 12 per bbl; shell-barks 22 per bushel; peanuts 21 62 per bushel; chestnuts from four to five dollars per bushel; almonds one shilling per pound; new raisins, figs, dates and currants 12 1/2 cts per pound; we sell these last named articles at wholesale prices. Prunes 20 cts per pound; grapes 25 cts; new citron 38 cts; preserved ginger 21 12 per jar, or 30 cts per pound. In small quantities; candies and all kinds of confectionery cheaper than they have ever been sold at any other store in N. W. at wholesale and retail, always fresh and of the finest quality; for the truth of this we wish every one to come and judge for themselves.
This is no idle advertisement merely to draw people to my store to disappoint them, but a plain statement of facts, which all may ascertain by calling. Also several kinds of Cough Candy, warranted equal to any now in use, for the cure of all kinds of complaints arising from colds.
Fancy articles and toys of every description, in any quantity, such as silk purses, pocket books, cigar cases, pocket knives, sissors, razors, razor straps, hair, clothes, tooth, and shoe brushes, fancy work boxes, walking canes, dominoes, dice, conversation cards, French and Highland do. combs of all kinds, cologne, hair oil and pomatum, cigars, tobacco, and everything that is ever kept in a confectionary and variety store.

PHALON'S CHEMICAL HAIR INVIGORATOR.

A REMEDY for all diseases of the Hair, and is restorative in all cases where baldness is not beyond the reach of art.
Naught with beauty can compare,
With soft, glossy locks of hair;
If not endowed with such by nature,
Use Phalon's Hair Invigorator.
The subscriber having devoted a considerable portion of his time, or twenty years to the study of the skin and the human hair, also the best means of treating and curing the same, and having, in the course of his experiments made various changes and improvements in the different articles approved as the best for such purposes, has at length, after laborious research and deep investigation, succeeded in bringing to perfection a preparation, the virtues of which he challenges the world to excel.
The Chemical Hair Invigorator is composed of a number of vegetable ingredients of opposite qualities, and approved by the highest medical standard, the secret of blending and combining, which is known only to the subscriber, who has spared neither pains nor expense in bringing it before the public.
The Invigorator is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture of the hair never before attained, yet free from animal grease or essential oils. It cleanses the pores of the skin, causes a healthy action of the blood vessels, nerves, &c., which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff and other cutaneous diseases, disposes the hair to curl, and keeps it so—will positively change the hardest hair into the most soft and healthy and glossy state, also imparts to it a darker color, and a free use of it will keep both the skin and hair in a healthy and luxuriant state until the last period of life.
Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which when moistened with the Invigorator can be dressed in any required form, so as to preserve its place whether plain or in curls. When used on children's heads it lays the foundation of a good head of hair.
Invented and prepared by EDWARD PHALON, professor of Wig Making and Hair Cutting, 61 Broadway, New York.
A treatment on the Anatomy and Physiology of the Hair, with directions for preventing baldness, removing dandruff and preserving the natural beauty and softness of the hair.

The great and only Successful Remedy for the cure of Consumption,

IS Dr. E. W. Vandersmith's INDIAN COUGH BALM and LUNG BALM.

BE-READ-ED.

Disease of the Lungs and Throat cured.

White Plains, April 30, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lunar caustic applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. Vandersmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,

EDWARD G. THOMPSON.

Sworn before me this 21st day of April, 1847.

Influencing of the Lungs.

New York, June 19, 1847.

Dr. Vandersmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to survive unless I could get relief. The excessive coughing, which reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vandersmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vandersmith's invaluable medicine, that I would be numbering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,

JAMES R. HENDERSON.

Consumption.

Staten Island, June 10, 1847.

Dear Sir:—I take great pleasure in giving you my certificate, that December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week. It was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. Vandersmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.

Yours &c., ROBERT WILLSEY.

The American Improved Digestion Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

THIS medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple and to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, *wholly upon its own merits*, by commutation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has measurably compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It cleanses the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be pressed in any required form, so as to preserve its place, whether plain or in curls. Coggeshall & Bliss' Patent Cooking Range.

THE subscriber has just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross pier, and thus will admit of two large boilers at the same time. It also contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

Dr. EMANUEL.

Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of my never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well as my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,
